

ETS RD4 S18 / Daun Germany

On Thursday during timed practice I struggled a bit with the car but just in time for Seeding 4 the car was really nice.

I seeded p36.

Friday we had two Qualifying runs. I just made way to many mistakes costing me so much time.

Saturday the Track was different than I expected and I had a horrible qualifying, spinning out so much. Afterwards I got yelled at because of a mistake by misjudging a situation which was really unprofessional and just the cherry on top. Q4 was an ok run saving me in the D final in 10th position. In the first final I was taken out after 2 minutes with an 50/50. After that I spend the rest of the finals trying to find out what's wrong with my car.
